## YouTube TrueView Videos

### In-Stream Ads versus Discovery Ads:

- In-stream ads plays before or during another video from a YouTube partner. Viewers see five seconds and then have the choice to skip.
- Discovery ads appears alongside other YouTube videos, in YouTube search pages or on websites on the Google Display Network.
  - The video asset must be uploaded to the YouTube channel and set to either public or unlisted.

### TrueView Video Requirements:

- Videos must allow embedding
- Display and Destination URLs are required
- Resolution: 16:9 or 4:3
- Maximum Length: 3 minutes
- Recommended Length: 12 seconds
- Headline: 25 characters
- Call-to-Action: appears during first 15 seconds of video then collapses
- Description (Discovery Ads only): two lines with 35 characters max per line

There are certain categories of prohibited content which cannot be advertised. This can include, but is not limited to adult content, weapon-related content, alcohol-related content, tobacco-related content, and certain healthcare-related content.

If you have questions regarding the content of your ad, please reach out to your account manager and/or specialist.
